List Order Maintenance

Tools → Lists → Order Lists → Select the List Type to Edit from the Drop Box

Nutrients
Ingredients
Rations
Ingredient Selection
Batch Mix Ingredients
Ration Ingredients

Within the List Displayed, you can Organize the Lists in an Order that is Most Convenient or Logical to you.

The Nutrient Lists are Lists Most Likely Affected by this Option. You can Organize them in the Order of Most Frequently used Lists.

This is the Place in the Program to:
Order the Rations in Your Desired Order for Printing Multiple Rations
Order Ration Ingredients to Desired Order for Printouts
Order Batch Mix Ingredients to Desired Order for Printouts

Once you have the list in the order you prefer, click: OK
